Agricultural and veterinary chemicals

APVMA Special Gazette, 1 February 2024

Published by the Australian Pesticides and Veterinary Medicines Authority

Australian Government

**Australian Pesticides and
Veterinary Medicines Authority**

The *Agricultural and Veterinary Chemical Code Act 1994* (the Act) commenced on 15 March 1995. The Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the Act requires notices to be published in the *Gazette* containing details of the registration of agricultural and veterinary chemical products and other approvals granted by the Australian Pesticides and Veterinary Medicines Authority. The Agvet Code and related legislation also requires certain other notices to be published in the *Gazette*. A reference to Agvet Codes in this publication is a reference to the Agvet Code in each state and territory jurisdiction.

General information

The APVMA Gazette is published fortnightly and contains details of the registration of agricultural and veterinary chemicals products and other approvals granted by the APVMA, notices as required by the Agricultural and Veterinary Chemicals Code (the Agvet Code) and related legislation and a range of regulatory material issued by the APVMA.

Pursuant to section 8J(1) of the Agvet Code, the APVMA has decided that it is unnecessary to publish details of applications made for the purpose of notifying minor variations to registration details. The APVMA will however report notifications activity in quarterly statistical reports.

Distribution and subscription

The APVMA Gazette is published in electronic format only and is available from the [APVMA website](#).

If you would like to subscribe to receive email notification when a new edition is published, please complete a [subscription form](#).

Agvet chemical voluntary recall: Semintra 4 mg/mL Oral Solution for Cats

Product name: Semintra 4 mg/mL Oral Solution for Cats

APVMA registration number: 68908

APVMA approved label number: 107416

Batch number: F54620

Sold by: Sold by Boehringer Ingelheim Animal Health Australia nationally between 10 December 2023 and 17 January 2024.

On 23 January 2024, Boehringer Ingelheim Animal Health Australia Pty Ltd (ABN 53 071 187 285) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

Reason for voluntary recall

The voluntary recall for the product has been initiated due to an out-of-specification result during the shelf-life period. The recall is limited to the batch number F54620.

Hazard

There is low hazard associated with this recall. The out-of-specification may impact product efficacy.

What to do if in possession of this chemical product

Veterinary clinics will be contacted to return their remaining inventory of the affected batch to their veterinary wholesaler.

Veterinary wholesalers have ceased distribution of the affected batch and will return their inventory to Boehringer along with product returned from veterinary clinics.

Agvet chemical voluntary recall: CaniPRBC – Canine Packed Red Blood Cells

Product name: CaniPRBC – Canine Packed Red Blood Cells

APVMA registration number: 81359

APVMA approved label number: 102893

Batch number: USA 13426 PRBC

Sold by: Sold by Plasvacc in Queensland on 8 January 2024.

On 23 January 2024, Plasvacc Pty Ltd (ABN: 099 547 841) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

Reason for voluntary recall

This product recall has been initiated as a precaution due to possible bacterial contamination of the product.

Hazard

Potential to cause bacterial infection of the recipient.

What to do if in possession of this chemical product

No action required as all the product from the affected batch has been located and destroyed.
