

# Agvet chemical voluntary recall

## Equimax LV Ivermectin Oral Paste for Horses

APVMA registration number: 52695

APVMA approved label number: 135174

Batch number: 30603/2

Sold by veterinary retailers and wholesalers in all Australian states and territories between 15/12/2023 and 15/03/2024

On 18/03/2024, Virbac Australia Pty Ltd (ABN 77 003 268 871) initiated a voluntary recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

### Reason for voluntary recall:

Virbac Australia is recalling Equimax LV Ivermectin Oral Paste for Horses, batch number 30603/2, due to a quality complaint concerning the unusual appearance of the product.

### Hazard:

Virbac Australia do not anticipate any potential safety or efficacy issues at this stage, however it is recommended that the customers do not use this product.

### What to do:

Retailers and wholesalers should immediately quarantine all stock on hand of the recalled product and contact Virbac Australia to arrange return and credit for the affected units. End users are advised to not use the product and contact the point of sale. If you have used this product and have any concerns about the health of any animal treated with the product, then seek veterinary advice and submit any adverse experience to Virbac Australia Pty Ltd or to APVMA.

### For further information

Please direct all calls and any queries concerning this voluntary recall to the  
Virbac Customer Service Team on 1800 242 100.
