The *Agricultural and Veterinary Chemical Code Act 1994* (the Act) commenced on 15 March 1995. The Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the Act requires notices to be published in the *Gazette* containing details of the registration of agricultural and veterinary chemical products and other approvals granted by the Australian Pesticides and Veterinary Medicines Authority. The Agvet Code and related legislation also requires certain other notices to be published in the *Gazette*. A reference to Agvet Codes in this publication is a reference to the Agvet Code in each state and territory jurisdiction.

General information

The APVMA Gazette is published fortnightly and contains details of the registration of agricultural and veterinary chemicals products and other approvals granted by the APVMA, notices as required by the Agricultural and Veterinary Chemicals Code (the Agvet Code) and related legislation and a range of regulatory material issued by the APVMA.

Pursuant to section 8J(1) of the Agvet Code, the APVMA has decided that it is unnecessary to publish details of applications made for the purpose of notifying minor variations to registration details. The APVMA will however report notifications activity in quarterly statistical reports.

Distribution and subscription

The APVMA Gazette is published in electronic format only and is available from the [APVMA website](#).

Prescribed Date for Payment of Levy

Pursuant to section 6(1)(c) of the *Agricultural and Veterinary Chemical Products (Collection of Levy) Act 1994* notice is hereby given that for the 2023–24 financial year the prescribed date for payment of any levy that is payable is 15 January 2025.

Pursuant to section 6(1)(d) of the *Agricultural and Veterinary Chemical Products (Collection of Levy) Act 1994* notice is hereby given, that the levy amount payable is the levy amount generated from the 2023–24 sales declaration.

Further, it is directed under section 6(1)(d) that interested persons have the option to make payment of the entire levy payable in full by 15 January 2025 or nominate to pay the levy amount in 2 instalments of 50% of the total levy, with the first instalment amount payable by 15 January 2025 and the second instalment amount payable by 15 June 2025. If payment of the levy is made by instalments by the specified dates, then the levy will be taken to have been paid by the prescribed date for payment for the 2023–24 financial year.

Notice of Cancellation – Certain Dimethoate Products and Labels

In accordance with sections 41(1)(b) and 41(2) of the Agricultural and Veterinary Chemicals Code Scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Agvet Code), the Australian Pesticides and Veterinary Medicines Authority (APVMA) has cancelled the product registration and label approval set out in Table 8 below:

Table 8: Cancelled product registrations and label approvals

Product registration number	Name	Holder	Label Approval Number(s)	Reason for Cancellation	Date of Cancellation
55495	Superway Dimethoate 400 Systemic Insecticide	Pooma Fertilizers Pty Ltd	55495/RV0317G	(a) chemical product may not meet the safety criteria (b) the label(s) may not meet the labelling criteria	28 August 2024

In accordance with section 45A(1)(b) of the Agvet Code, the APVMA publishes this notice of the cancellation, including the following instructions which set out how a person can deal with the cancelled product or product bearing a cancelled label referred to in Table 8.

Brief reasons for the cancellation

- 1) The APVMA suspended the registration of the dimethoate product and approval of the label listed in Table 8 on 19 September 2023, under section 41 of the Agvet code, on the basis that it appears the product does not meet the safety criteria and the label does not meet the labelling criteria.
- 2) The APVMA requested consent from the holder to make variations of the relevant particulars of the product's registration and label approval to address the reasons for suspension.
- 3) Consent was not provided to make these changes. Therefore, the reasons for the suspension of the registration and label approval remain unchanged. To address this, the APVMA has now cancelled the dimethoate product registration and label approval, listed in Table 8, under section 41 of the Agvet Code, as it appears that the product may not meet the safety criteria and the label may not meet the labelling criteria for the same reasons that APVMA decided to suspend the registration and label approval.
- 4) Instructions for possessing, having custody of, using, or supplying the cancelled product or a product bearing a cancelled label are provided below.

Instructions

Instructions for persons who possess, have custody of or use a cancelled product bearing a cancelled label under section 45B(3) of the Agvet Code.

A person who possesses, has custody of or uses a cancelled product bearing a cancelled label referred to in Table 8 in accordance with the instructions contained in this notice, is taken to have been issued with a permit under section 45B(3) of the Agvet Code to possess, have custody of or use the cancelled product bearing a cancelled label, in accordance with these instructions.

Possession or custody

For the purposes of section 45B(3) of the Agvet Code, a person may possess or have custody of a cancelled product bearing a cancelled label referred to in Table 8 in accordance with its label instructions.

Instructions for Use

A person may use a cancelled product bearing a cancelled label referred to in Table 8 according to the following instructions until 18 September 2024.

A cancelled product listed in Table 8 may be used according to the instructions on the previously approved label listed in Table 8, except where the label provides direction for use as a post-harvest (or post harvest) dip. All instructions referring to use as a post-harvest dip are void from the date of cancellation and are replaced by the restraint:

DO NOT use any product containing dimethoate listed in Table 8 as a post-harvest dip.

A cancelled product listed in Table 8 may be used according to the instructions in a current permit issued by the APVMA.

Supply or otherwise deal with

A person may supply or cause to be supplied at wholesale or retail level the cancelled product bearing a cancelled label referred to in Table 8 until 18 September 2024.

A person who supplies or causes to be supplied, or otherwise deals with a cancelled product listed in Table 8 must provide a hard copy of these instructions.

Contraventions

It is an offence to possess, have custody of, use, or supply otherwise deal with the cancelled products or products bearing the cancelled label listed in Table 8 in a manner that contravenes the above instructions.
