The *Agricultural and Veterinary Chemical Code Act 1994* (the Act) commenced on 15 March 1995. The Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the Act requires notices to be published in the *Gazette* containing details of the registration of agricultural and veterinary chemical products and other approvals granted by the Australian Pesticides and Veterinary Medicines Authority. The Agvet Code and related legislation also requires certain other notices to be published in the *Gazette*. A reference to Agvet Codes in this publication is a reference to the Agvet Code in each state and territory jurisdiction.

General information

The APVMA Gazette is published fortnightly and contains details of the registration of agricultural and veterinary chemicals products and other approvals granted by the APVMA, notices as required by the Agricultural and Veterinary Chemicals Code (the Agvet Code) and related legislation and a range of regulatory material issued by the APVMA.

Pursuant to section 8J(1) of the Agvet Code, the APVMA has decided that it is unnecessary to publish details of applications made for the purpose of notifying minor variations to registration details. The APVMA will however report notifications activity in quarterly statistical reports.

Distribution and subscription

Each entity identified above (the Company), had the following requirements imposed on their respective product (the Product), under the s.101 notice issued on 29 November:

- (a) Within 30 days of the date of notice notify in writing any person who has possession or custody of any stocks of the Product that they must:
- return any stock of the Product within 30 days to the Company; or
 - arrange for any stock of the Product to be destroyed within 30 days in accordance with local State or Territory hazardous waste requirements.

Note: Destruction of the Product can be arranged through the ChemClear product stewardship programme for unwanted agricultural chemicals provided that meets the local State or Territory hazardous waste requirements.

- (b) Within 60 days of the date of this notice take all steps necessary to:
- recover all stocks of the Product from any person whom the Company has either directly or indirectly supplied the products within the last 24 months; or

ii. obtain confirmation from those persons who have not returned all stock to the Company that those persons have destroyed all stocks of the Product in accordance with local State or Territory hazardous waste requirements.

(c) Within 60 days of the date of this notice either:

i. destroy all stocks of the Product in accordance with local State or Territory hazardous waste requirements; or

ii. arrange for the Product to be held in quarantine in secure storage on the following conditions:

1) the Product may be held for a period ending on or before 8 October 2025;

2) The Company must advise the APVMA of the details of the quantity of the Product being held and the address where it is being stored;

3) the Product must be destroyed on or before 8 October 2025; and

4) The Company must advise the APVMA within 10 days of the Product being destroyed.

(d) Within 10 business days of receipt of a written request from the APVMA, provide the APVMA with a report setting out the actions taken by the Company under this notice.
