Agricultural and veterinary chemicals

APVMA Special Gazette, 19 December 2022

Published by the Australian Pesticides and Veterinary Medicines Authority

Australian Government

**Australian Pesticides and
Veterinary Medicines Authority**

The *Agricultural and Veterinary Chemical Code Act 1994* (the Act) commenced on 15 March 1995. The Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the Act requires notices to be published in the *Gazette* containing details of the registration of agricultural and veterinary chemical products and other approvals granted by the Australian Pesticides and Veterinary Medicines Authority. The Agvet Code and related legislation also requires certain other notices to be published in the *Gazette*. A reference to Agvet Codes in this publication is a reference to the Agvet Code in each state and territory jurisdiction.

General information

The APVMA Gazette is published fortnightly and contains details of the registration of agricultural and veterinary chemicals products and other approvals granted by the APVMA, notices as required by the Agricultural and Veterinary Chemicals Code (the Agvet Code) and related legislation and a range of regulatory material issued by the APVMA.

Pursuant to section 8J(1) of the Agvet Code, the APVMA has decided that it is unnecessary to publish details of applications made for the purpose of notifying minor variations to registration details. The APVMA will however report notifications activity in quarterly statistical reports.

Distribution and subscription

The APVMA Gazette is published in electronic format only and is available from the [APVMA website](#).

If you would like to subscribe to receive email notification when a new edition is published, please complete a [subscription form](#).

Agvet chemical voluntary safety recall: SCORE Foliar Fungicide 1

Agvet chemical voluntary safety recall: SCORE Foliar Fungicide

Product name: SCORE Foliar Fungicide

APVMA registration number: 45810

APVMA approved label number: 0504

Batch number(s): AAC0A37689, AAC0I38729, AAC0J38965, AAC1D39593, AAC1I40211, AAC1L40611, AAC2B40845, AAC2B40843, AAC2F41524, AAC2I42054, AAC2I42053.

Sold by: agricultural resellers in all states and territories between 14 January 2020 and 7 December 2022.

On 8 December 2022, Syngenta Australia Pty Ltd, ACN 002 933 717 initiated a voluntary safety recall under section 106 of the Agricultural and Veterinary Chemicals Code scheduled to the *Agricultural and Veterinary Chemicals Code Act 1994* (Cth) in relation to the chemical product described above.

Reason for voluntary safety recall

Due to the possibility of a small amount of product leaking from around the cap of the 5 L containers of SCORE Foliar Fungicide, there is a potential for accidental exposure to the contents.

Hazard

Inadvertent exposure to SCORE Foliar Fungicide may irritate the eyes and skin.

What to do if in possession of this chemical product

If you are in possession of any of the listed SCORE Foliar Fungicide batches inspect the outside of the shipper carton for any signs of leakage. If there are no obvious signs, open and inspect inside the shipper carton for signs of leakage from unopened 5 L bottles of SCORE Foliar Fungicide. If there are any signs of product leakage return the carton containing the unopened product containers to the reseller where purchased for a full refund.

Precaution: when checking packaging wear chemical resistant gloves and a face shield or goggles to avoid inadvertent contact with the product.

More information

Visit the APVMA website to [view the notice](#) of voluntary safety recall for the chemical product described above.

The APVMA publishes a list of [agvet chemical recall notices](#) on its website and provides a [subscription option](#) to be notified by email when a new recall notice is published.
