Seeking Input to the APVMA Corporate Plan 2012-15

PURPOSE

The Australian Pesticides and Veterinary Medicines Authority (APVMA) is required, by law, to regularly produce a Corporate Plan and each year to produce an Operational Plan.

As planning for the development of the APVMA Corporate Plan 2012-15 and the Operational Plan 2012-13 commences, the input of stakeholders and other interested parties is invited.

The APVMA Corporate Plan identifies the principal objectives of the APVMA in performing its functions and gives a broad outline of the strategies to achieve those objectives. The Corporate Plan guides the APVMA's operational activities typically over a forward period of three years. The APVMA's current Corporate Plan was developed for the period 2009-12 and we are now developing our next Corporate Plan for the period 2012-15.
