The *Agricultural and Veterinary Chemical Code Act 1994* (the Act) commenced on 15 March 1995. The Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the Act requires notices to be published in the *Gazette* containing details of the registration of agricultural and veterinary chemical products and other approvals granted by the Australian Pesticides and Veterinary Medicines Authority. The Agvet Code and related legislation also requires certain other notices to be published in the *Gazette*. A reference to Agvet Codes in this publication is a reference to the Agvet Code in each state and territory jurisdiction.

GENERAL INFORMATION

The *APVMA (Australian Pesticides and Veterinary Medicines Authority) Gazette* is published fortnightly and contains details of the registration of agricultural and veterinary chemicals products and other approvals granted by the APVMA, notices as required by the Agricultural and Veterinary Chemicals Code (the Agvet Code) and related legislation and a range of regulatory material issued by the APVMA.

Pursuant to section 53(1) of the Agvet Code, the APVMA has decided that it is unnecessary to publish details of applications made for the purpose of notifying minor variations to registration details. The APVMA will however report notifications activity in quarterly statistical reports.

DISTRIBUTION AND SUBSCRIPTION

The *APVMA Gazette* is published in electronic format only and is available from the APVMA website, www.apvma.gov.au/publications/gazette/.

If you would like to receive email notification when a new edition is published, please subscribe on the APVMA website.

Erratum Notice

The Australian Pesticides and Veterinary Medicines Authority advises that an error was published in the Commonwealth of Australia Gazette for Agricultural and Veterinary Chemicals, No. APVMA 25, 17 December 2013.

In the summary of variation notice for LECTADE LIQUID CONCENTRATE ORAL REHYDRATION THERAPY, 'foals' were omitted and 'calves' misspelt.

The correct entry for the Notice of Registration for LECTADE LIQUID CONCENTRATE ORAL REHYDRATION THERAPY appears on page 19 of this Gazette.

Dimethoate Review: Cancellation of Certain Label Approvals Following Approval of New Labels and Cancellation of Label Approval at the Request of the Registrant

In accordance with Section 42 of the Agvet Code, if an interested or approved person in relation to an approval or registration has given to the APVMA a written notice requesting the APVMA to cancel an approval or registration, the APVMA must give written notice of its decision on the request to the person(s) who made the request.

At the request of the registrants, following the recent approval of a new label for these products, the APVMA has cancelled certain label approvals of the following products under subsection 42(1) of the *Agricultural and Veterinary Chemicals Code Act 1994*:

TABLE 1

1. Registered Product No.	2. Registered Product Name	3. Registrant	4. Cancelled Label Approval Number	5. Date of Effect	6. New Label Approval number

This Gazette notice satisfies the requirement in section 45A (1) of the Agvet Code, that the APVMA must give notice of label cancellations to any other person to whom, in its opinion such a notice should be given.

The following instructions set out how a person can deal with any product bearing a cancelled label approval as listed in column 4 of the tables above. Please note that recent label approvals for these products have not been cancelled and the directions on those labels must be followed.

INSTRUCTIONS

Subsections 45A(5) and 55(3) of the Agvet Code cease to apply in respect of the cancelled label approvals identified in column 4 of Table 1 above. A person may not possess, have custody of, use or deal with products bearing cancelled labels from 16 October 2013 until 5 October 2014 other than in accordance with:

- the instructions set out at the end of this Notice, and
- a permit issued by the APVMA.

Permits, with modified instructions for use of dimethoate products, have been issued under section 114 of the Agvet Code (PER 13155 for agricultural products and PER 13156 for home garden products). The instructions for use have been reproduced at the end of this Notice. These permits still apply to products bearing these cancelled labels.

WARNING

The label approvals listed in column 4 of Table 1 above have been cancelled. Prior to the cancellation of these labels they were suspended with new instructions for use issued during the period of suspension. These instructions also apply during this period of phase out. Since 6 October 2011, when these product labels were first suspended and new instructions issued, a person can only possess, have custody of, use or otherwise deal with products bearing the label approvals identified above in accordance with a permit issued by the APVMA and the instructions set out at the end of this Notice.

The APVMA may cancel a permit and issue replacement permits at any time during the phase out period. Before using, supplying or otherwise dealing with products containing dimethoate, suppliers and users need to be satisfied that the instructions set out at the end of this Notice continue to apply, and that their activities are authorised by a permit. Current permits are available at www.apvma.gov.au/permits/search.php.

Failure to comply with the instructions set out at the end of this Notice attracts a penalty under section 55(4) of the Agvet Code. The penalty is 300 penalty units (\$33,000).

INSTRUCTIONS FOR POSSESSING, HAVING CUSTODY OF, USING OR DEALING WITH REGISTERED PRODUCTS CONTAINING DIMETHOATE BEARING CANCELLED LABELS

Possession and custody

A person may possess, have custody of, use or otherwise deal with the registered dimethoate products, bearing a cancelled label only in accordance with these instructions or the relevant permit (permits PER 13155 for agricultural products or PER 13156 for home garden products) issued by the APVMA.

Supply

A person may supply or cause to be supplied product bearing a cancelled label manufactured prior to 16 October 2013 at wholesale and retail level, until 5 October 2014.

After 5 October 2014 it will be an offence against the Agvet Codes to have possession or custody of a product bearing a cancelled label with the intention to supply.

All suppliers must at the time of the supply of a product covered by these instructions provide to the person taking responsibility for the supplied product:

- a copy of the relevant permit (PER 13155 for agricultural products or PER 13156 for home garden products) in full setting out the conditions and instructions for use, and
- supply product with a copy of the instructions contained in the relevant permit securely affixed to each container of product.

Use

PERSONS who wish to use registered products containing dimethoate, bearing cancelled labels (as listed above) must read, or have read to them, the instructions included in the relevant APVMA permit. Users who have had the instructions read to them must confirm to the reader that they understand the instructions.

READ THESE INSTRUCTIONS before using or otherwise handling the product.

When using or otherwise handling the product, follow the instructions of the current label except as follows:

PROHIBITED CROP USES: HOME GARDEN PRODUCTS

The current (suspended) label may include instructions for use on fruit trees and vegetables. The use of dimethoate on these crops is no longer approved and the following restraint applies.

DO NOT apply to food producing plants in the home garden

PROHIBITED CROP USES: AGRICULTURAL PRODUCTS

The existing (cancelled) label may include instructions for use on the crops listed below. The use of dimethoate on these crops is no longer approved and the following restraints apply.

Revocation of Suspension of a Product Containing Dimethoate to allow Approval of new Label

On 23 December 2013 the APVMA revoked the suspension of the following product registration to allow approval of a new dimethoate product label that has instructions consistent with the suspension instructions of 6 October 2011.

Table 1: Registered products containing dimethoate and new approved labels

1.Product No	2.Product Name	3.Registrant	4.Label Approvals that remain suspended	5.New approved Label Number that is not suspended
32962	Nufarm Dimethoate Systemic Insecticide	Nufarm Australia Limited	32962/0998 32962/1299 32962/0401 32962/0701 32962/0402 32962/1203 32962/0104 32962/0704 32962/1006 32962/53189	32962/59912

The suspension of above product registration listed in Table 1 has been revoked to allow the approval of a new label with instructions consistent with those issued by the APVMA.

Please note that the label approvals listed in column 4 remain suspended. Product bearing these suspended labels must continue to be used only in accordance with the instructions issued by the APVMA to allow continued use of suspended dimethoate products. See *PER 13155 and 13156 for the current instructions for the use of suspended dimethoate products and labels*. The new approved label listed in column 5 of Table 1 may be used according to its label instructions.

CERTAIN OTHER DIMETHOATE PRODUCTS AND LABEL APPROVALS ARE NOT INCLUDED IN THIS REVOCATION

Certain other dimethoate products and labels as well as previous labels for the above product (as listed in column 4 of Table 1) remain suspended and must only continue to be used in accordance with the instructions issued by the APVMA in PER 13155 and 13156. See *Gazette Notice No. APVMA 20, Tuesday, 11 October 2011 Suspension of Products Containing Dimethoate and Associated Label Approvals* for the original suspension notice.

Other products may have their suspensions revoked at a later date to allow the approval of new labels that have instructions consistent with the suspension instructions in PER 13155 or 13156. The status of dimethoate products may be confirmed by searching for the product on the APVMA [PubCRIS](#) database search.

FURTHER CHANGES TO INSTRUCTIONS FOR USE MAY BE REQUIRED

Please note that the review of all dimethoate products is still ongoing and further changes to the status of registrations and the instructions for use of dimethoate products may be required prior to finalisation of the review. In particular, there are findings arising from the [Human Health Risk Assessment of Dimethoate—Exposure and Risk Assessment of Dimethoate](#)

[\(OHS component\) Aug 2013 \(PDF, 1.7MB\)](#) | [\(DOC, 1.2MB\)](#) that recommend changes to label use instructions. The APVMA will publish Preliminary Review Findings for dimethoate and then seek comments and information that may be used to refine the toxicology, OHS and residues assessments prior to finalising the review. The APVMA will also consider any proposals to amend label directions to address any identified concerns.

Cancellation of Label Approvals

The APVMA, under s 34A of the Agvet Codes, reconsidered the label 58508/0805 of the product *AminoZ 625 Selective Weedkiller by Sanonda (58508)* for the purpose of deciding whether the particulars on the label contain adequate instructions in relation to the matters outlined in s.14(3)(g) of the Agvet Codes.

The APVMA determined that the label particulars did not contain adequate instructions, specifically in regards to the signal heading on the label and the product safety directions. As a result of the reconsideration, the APVMA, effective 2 December 2013, varied the relevant particulars for the label approval 58508/0805.

The APVMA also determined that previously approved labels for this product, as listed in Table 1 do not contain adequate instructions in relation to the matters outlined in s14(3)(g) of the Agvet Codes. On 23 December 2013, the APVMA cancelled the approvals of the labels listed in Table 1.

Table 1

Product No	Product Name	Registrant	Cancelled labels
58508	AMINOZ 625 WEEDKILLER BY SANONDA	SANONDA PTY LTD	58508/0204 58508/0705

The label, as varied can be found by searching for the product on PUBCRIS portal.apvma.gov.au/pubcris

The following instructions set out how a person can deal with any product bearing a cancelled label approval.

SUPPLY

A person may supply or cause to be supplied product bearing a cancelled label manufactured prior to 23 December 2013 at wholesale and retail level, until 23 December 2015.

After 23 December 2015 it will be an offence against the Agvet Codes to have possession or custody of a product bearing a cancelled label with the intention to supply.

USE

A person may continue to use the product according to its cancelled label instructions until 23 December 2015.

Any person who possesses, has custody of, uses, or otherwise deals with the product bearing a cancelled label in accordance with the above instructions is taken to have been issued with a permit under the Agvet Codes to so possess, have custody of, use or otherwise deal with the product after the labels have been cancelled until 23 December 2015.

The supply and use of the product bearing a cancelled label must be in accordance with the label instructions, including any conditions relating to the shelf life or expiry date. It is an offence to possess, have custody of, use, or deal with the product listed in the table in a manner that contravenes the above instructions.

Cancellation of Active Constituent Approval(s) at the Request of the Approval Holder

In accordance with Section 42 of the Agvet Code, if an interested or approved person in relation to an approval or registration has given to the APVMA a written notice requesting the APVMA to cancel the approval or registration, the APVMA must give written notice of its decision on the request to the person(s) who made the request.

This Gazette notice satisfies the requirement in section 45A (1) of the Agvet Code, that the APVMA must also give notice to any other person to whom, in its opinion such a notice should be given.

At the request of the approval holder, the APVMA has cancelled the approval(s) of the following active constituent(s):

Active No.	Active Name	Approval Holder	Date of Effect
44089	2,4-D	NUFARM AUSTRALIA LIMITED	13 December 2013
44245	2,4-D	NUFARM AUSTRALIA LIMITED	13 December 2013
52708	2,4-D DIMETHYLAMINE SALT	NUFARM AUSTRALIA LIMITED	13 December 2013
52707	2,4-D ISOPROPYLAMINE SALT	NUFARM AUSTRALIA LIMITED	13 December 2013
44088	2,4-D-2-ETHYLHEXYL ESTER	NUFARM AUSTRALIA LIMITED	13 December 2013
46746	2,4-D-2-ETHYLHEXYL ESTER	NUFARM AUSTRALIA LIMITED	13 December 2013

The following instructions set out how a person can deal with the cancelled active(s).

SUPPLY

A person may supply or cause to be supplied active constituents manufactured prior to 13 December 2013 until 13 December 2015.

After 13 December 2015 it will be an offence against the Agvet Codes to have possession or custody of the active constituent(s) with the intention to supply the active constituent(s).

USE

Any person who possesses, has custody of, uses, or otherwise deals with the listed active constituent(s) in accordance with the above instructions is taken to have been issued with a permit under the Agvet Codes to so possess, have custody of, use or otherwise deal with the active constituent(s) after the approval(s) have been cancelled until 13 December 2015.

The supply and use of the active constituents must be in accordance with the conditions of approval, including any conditions relating to the shelf life or expiry date.

It is an offence to possess, have custody of, use, or deal with the active constituent(s) listed in the table in a manner that contravenes the above instructions.

Cancellation of Label Approval at the Request of the Registrant

In accordance with Section 42 of the Agvet Code, if an interested or approved person in relation to an approval or registration has given to the APVMA a written notice requesting the APVMA to cancel the approval or registration, the APVMA must give written notice of its decision on the request to the person(s) who made the request.

This Gazette notice satisfies the requirement in section 45A (1) of the Agvet Code, that the APVMA must also give notice to any other person to whom, in its opinion such a notice should be given.

At the request of the registrant, following the recent approval of a new label for this product, the APVMA has cancelled the previous label approvals of the following product:

Product No.	Product Name	Registrant	Cancelled Label Approval Number	Date of Effect
65075	TURF CULTURE EMBARGO HERBICIDE	TURF CULTURE PTY LTD	65075/50069	13 December 2013

The following instructions set out how a person can deal with any product bearing a cancelled label approval.

SUPPLY

A person may supply or cause to be supplied product bearing a cancelled label manufactured prior to 13 December 2013 at wholesale and retail level, until 13 December 2015.

After 13 December 2015 it will be an offence against the Agvet Codes to have possession or custody of a product bearing a cancelled label with the intention to supply.

USE

A person may continue to use the product according to its cancelled label instructions until 13 December 2015.

Any person who possesses, has custody of, uses, or otherwise deals with the product bearing a cancelled label in accordance with the above instructions is taken to have been issued with a permit under the Agvet Codes to so possess, have custody of, use or otherwise deal with the product after the labels have been cancelled until 13 December 2015.

The supply and use of the product bearing a cancelled label must be in accordance with the label instructions, including any conditions relating to the shelf life or expiry date. It is an offence to possess, have custody of, use, or deal with the product listed in the table in a manner that contravenes the above instructions.

Application Summaries

The APVMA publishes complete application summaries on the APVMA website, www.apvma.gov.au. They are published in weekly instalments using the date the application was accepted for assessment. If an application summary has been amended, the APVMA will publish the amended version on the website and list it separately in the APVMA Gazette Notice for Application Summaries.

As a requirement of Regulations 8C and E of the Agvet Code, some product names will appear as 'NOT AVAILABLE'.

A summary will be removed from the website 28 days after the application has been finalised. Therefore, some summaries published in this notice may have already been removed prior to the Gazette being published.
