Ms Robyn Schipp
Evaluator Chemical Review – Pesticides
Australian Pesticides and Veterinary Medicines Authority (APVMA)
PO Box 6182
KINGSTON ACT 2604

Dear Robyn

I write regarding the review of the use of Fenthion, particularly the use *Tiguvon Spot-On Cattle Lice Insecticide*.

The review was recently discussed at the Cattle Council Board meeting of 28 – 29 August. At this meeting board unanimously passed the following resolution:

That Cattle Council write to the Australian Pesticides and Veterinary Medicines Authority urging that Fenthion continue to be registered for use in the Australian Beef Industry.

It was the strong view of our membership that the product is a valuable on-farm tool and we strongly urge that its registration be maintained.

Please do not hesitate to contact our Policy Director, Mark Harvey-Sutton on 02 6269 5600 should you wish to discuss further.

Yours Sincerely

Jed Matz

Chief Executive Officer
Cattle Council of Australia
