MANUFACTURERS’ LICENSING SCHEME

LICENSED AUSTRALIAN MANUFACTURERS OF VETERINARY CHEMICAL PRODUCTS

CURRENT AS OF 22 SEPTEMBER 2014
DISCLAIMER

The information contained in this document is accurate at the time of publication. The currency, nature, scope and extent of the manufacturer’s licence may, however, change over time.

If you intend to make decisions based on the information in this document you are advised to check the currency and accuracy of the information with the Australian Pesticides & Veterinary Medicines Authority (APVMA) by calling +61 (0) 2 6210 4899.

The APVMA, its officers and employees do not accept liability for any injury, loss or damage incurred by reliance on the information provided in this APVMA document.

This list is published under the provisions of section 128 of the Agricultural and Veterinary Chemicals Code Act 1994.

Categories of Manufacture

Manufacturers of veterinary chemical products are categorised, depending on the type of veterinary chemical manufacture authorised by their licence. Facilities may be authorised to produce more than one category of product.

- Category 1 - Immunobiologicals and sterile veterinary preparations
- Category 2 - Non-sterile veterinary preparations other than ectoparasiticides, premixes and supplements
- Category 3 - Ectoparasiticides
- Category 4 - Premixes and supplements
- Category 6 - Single step manufacturer

Note: Category 5 was reserved on commencement of the Scheme and is not currently employed.

Licensed Australian Manufacturers of Veterinary Chemical Products

The main body of the document is a full alphabetical listing of all licensed manufacturers. Each company appears only once and all relevant categories of manufacture are listed in that entry. Each entry includes:

- name of licence holder,
- address of the manufacturing premises,
- category(ies) of product(s) authorised by the licence,
- steps(s) of manufacture authorised by the licence, and
- licence number.

Important

PLEASE NOTE: any special conditions which may apply to the licences do NOT appear in this document. These conditions may limit or exclude particular types of products or steps of manufacture and the user of this document should confirm those with the manufacturer or the APVMA on a case-by-case basis.
